

Covid Policy

Covid-19 continues to spread and remains an issue. We want to be able to protect people from getting the virus and becoming unwell. We would like to assure you that if relevant symptoms develop of Covid-19 then US4UP uses lateral flow tests then if a positive result arises, we will be isolating until there are 2 negative tests. Therefore, we will not be continuing to visit people or support them if we have Covid-19. We will keep you up to date and notify you of any changes. We will not expect to be paid during these uncertain times.

I am vaccinated

I test regularly when displaying any symptoms

I can wear a mask out in public and will wear one indoors if and when necessary

I always carry hand sanitizer, gloves and masks

Also, if you or a household member test positive for Covid-19, we would like to be informed so that a decision can be made about visiting to reduce the risk to other people that are supported through the business.
