

Privacy Statement (GDPR)

Due to Data Protection Legislation (GDPR), Unique Support for Unique People (US4UP) are required to gain permission from you to allow me to store any personal data that you have provided from the referral and assessment along with any other relevant information from visits to help provide you with the best support.

If you give me your consent, I will store your data on a password protected device that only Unique Support for Unique People have access to. I wish to re-assure you that I only keep necessary and accurate information and will update changes accordingly.

I will not use your personal information in any other way or disclose it to a third party for any reason, unless I believe you are at risk of significant harm or abuse. This is to protect you and to ensure you are safe.

The information that I store I share with you by giving you a copy of the assessment and individual contract. In circumstances where it is necessary to record further information then you have the right to request to see this.

When you are no longer receiving support from US4UP, your information will be deleted. You or your representative need to sign this document to be able to receive support.
